ABOUT OUR INTERVIEWEE

A Resilient Housewife

- **Early Experience:**
 - Witnessed death at a young age & Questioning the meaning of life.
 -
- **Academic Pressure:**
 - Felt **pressure and disappointment** from family when results were poor.
- **Struggles with Depression:**
 - Had suicidal thoughts and attempts, starting from primary school.
- **Hallucinations:**
 - Ask her to jump out of a window.
- **Studying Overseas:** Negative thoughts worsened.
 - Relied on her mother for support during such overwhelming moments
- **Resilience and Hope:** Fights against her own negative thoughts.
 - Understanding that many people are there for her & Realising that life has it ups and downs

INTERVIEWEE'S CHALLENGE

Dealing with depression since young.

Quotes

"I disliked studying, knowing that this was going to go on for many years, it made me lose hope that it will ever get better."

"I learned from novels and news that people escapes reality by ending their life, so I thought that was the right way."

"Since everyone is going to go to the afterlife someday, why should I keep going when life is not fun anyways."

Analysis

- **Emotional pain and hopelessness** -
Feeling like life is too hard,
leading to exhaustion and sadness

- **Existential crisis** -
Questioning life purpose
and feeling overwhelmed

SOCIAL SUPPORT

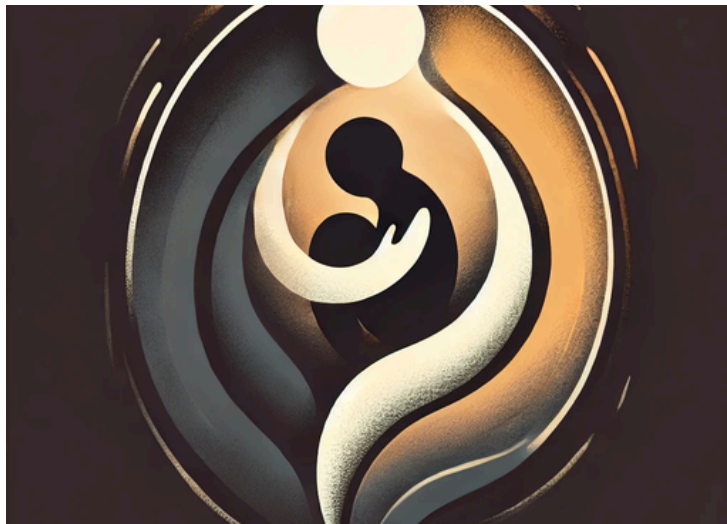

Sought help from her mother and the school's counsellor to remain resilient

Quotes

"My negative thoughts were more suppressed when I was at home near my mom, but it got worse when I went overseas to university."

"When I talked to my mom about my problems, she'd hug me tightly, which surprisingly always calms me down."

"...my teacher introduced me to a few school counsellors hoping to help me, but it was mostly useless. They are always giving me solutions to problems that I don't even understand"

Analysis

Positive relationship with her loved ones
(emotional support)

Could be herself when around her family
thus helping her suppress these thoughts

Sought help from counsellors (Sometimes
professional help can be less helpful
than family support)

Emotional based solution helped
immensely compared to solution based
solutions

PERSONAL STRENGTHS AND RESILIENCE

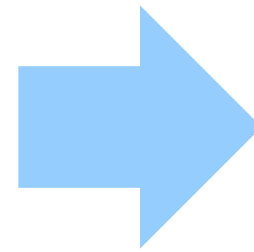

Resilience through social relationships and self-care

Quotes:

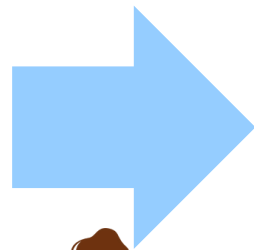

"I remembered my mom telling me that she'll be waiting for me at home, which pushed me to keep going."

"I gave myself a pep talk and told myself that I was better than what I can do and that I am doing good enough, so I shouldn't listen to the negative comments by others."

Analysis:

Social relationship – caring and supportive relationships offer encouragement and reassurance

Positive self-talk – Motivated to continue in life despite difficulties

ABCDE MODEL OF LEARNT OPTIMISM

Adversity: Life is not enjoyable

Belief: It is just how it is (external locus of control)

Consequence: Goes with the flow in life but doesn't enjoy it

Disruption: Notices that there are beautiful things in life (family)

Energisation: Feels motivated from future plans with family

Positive Coping Strategies

EMOTIONAL- FOCUSED

Diary writing (venting emotions)

PROBLEM- FOCUSED

Seek emotional support when needed without fear

PROACTIVE

Plans to spend more time with her family and travel around the world

MEANING- FOCUSED

Make use of her experiences to help others

The Wisdom Gained and Future Aspirations

LOOKING BACK: NEW FOUND WISDOM AND RESILIENCE

QUOTES:

"I learnt that the world does not only have selfish people but also loving and caring people."

"I think external support is something that played a really big role in helping me in the past..."

"If someone is facing the same problem I did, I can relate to their situation with empathy and help them overcome it easily."

"I overcame my challenges and now I feel like these problems are not truly that big of an issue after I could see the big picture."

ANALYSIS:

Having **emergent wisdom** in understanding that somethings are just fixed in place. **Finding new and positive perspectives**

Ensuring **self-care** by connecting with others.
Seeking support from family

Nurturing **compassion** by understanding and relating to other's suffering.

Able to **manage emotionality, understanding and appreciating the here and now**

THINKING ABOUT THE FUTURE:

QUOTES:

“I want to be able to enjoy and spend lots of time with family and kids.”

“...save up enough money to go traveling to admire the sceneries.”

“If similar things were to happen to me or others, I would be able to extract from my experience to overcome these challenges or help others.”

ANALYSIS:

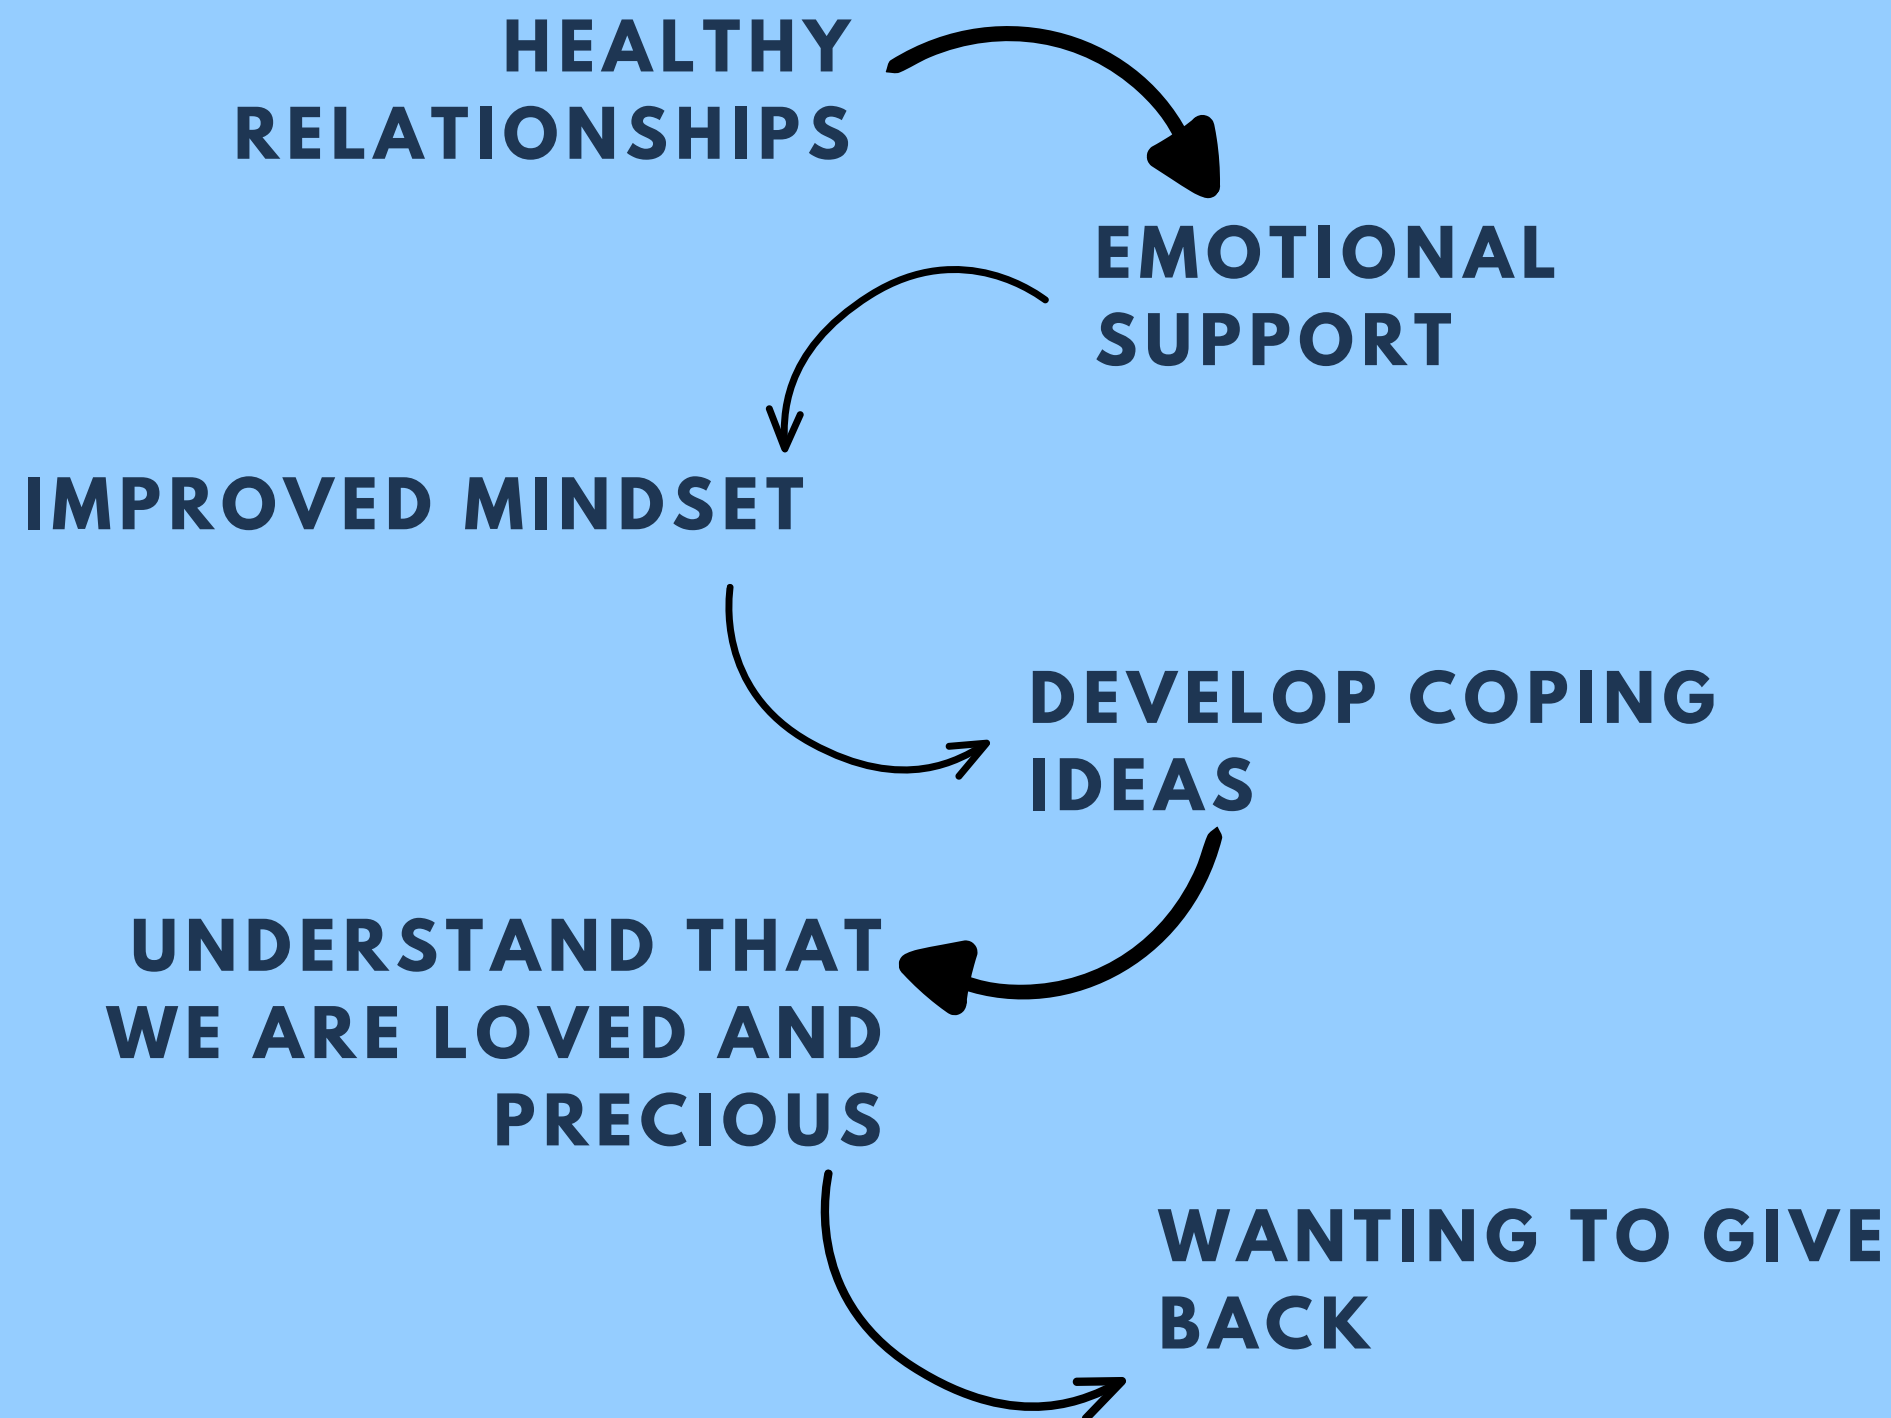

Further cultivate relationships within the family. Wanting to make the most of her time.

Setting goals to **understand the good in life** and wanting to share the good with others.

Having **strong empathy** and the **desire to give back to those who need the support** and **those who helped her along the way**

In Summary

THE LESSON LEARNT

THANK YOU!
